Syed Ahmad Shan

Full Stack Developer | Next.js, TypeScript, React.js, and Node.js | Crafting Modern, Scalable Web Apps

Lahore, Punjab, Pakistan

Summary

I am a Full Stack Developer passionate about building modern, high-performance web applications. With expertise in Next.js, Node.js, React, and Tailwind CSS, I create seamless user experiences and scalable back-end solutions. My focus on type safety, API integration, and efficient database management ensures robust, optimized applications. I implement secure authentication, data validation, and serverless architectures, bringing technical precision and a user-centered approach to every project.

Let's connect and innovate together!
